

[Geospatial & Space Technology Department](#), held the Geospatial Engineering Camp for 4th Yrs for the academic year 2016/2017.

It is a mandatory event where the [Geospatial & Space Technology Department](#), successfully takes through students who have completed 4th year in the unit FGE400. It is a two week rigorous unit where students, with assistance from their lecturers and technical staff, find solutions to real life societal geospatial related problems that the students would encounter in their professional life.

This year's GE Camp started on 4th June, 2017 to 18th June, 2017. The class started this programme in the academic year in 2013/2014 .
