

## Industrial Visit at Geomap Center Africa.

Geospatial Engineering Students Association (GESA), [Department of Geospatial and Space Technology](#), [University of Nairobi](#), visited [Geomap Center Africa](#) to get Exposure on real activities that take place in the area of their specialization. The Chairman, Lenny Kivuti, [Geomap Center Africa](#) welcomed them well and handed them over to the staff to take them through. [Geomap Center Africa](#) provides its clients with integrated solutions - from airborne multi sensor data collection, to Topographical mapping and GIS solution development through to unique customer delivery methodologies. To this end [Geomap Center Africa](#) has invested heavily in appropriate information technology for efficient delivery of services to its clients. The students gave a good report of how they were able to learn a lot and especially from the new technology of Mapping.
